SAND VOLLEYBALL CLUB

If you love to play volleyball, or want to start, this is the club for you! Sand volleyball is a fun way to get outside and be active! You will be able to meet new friends in this club, and learn more about the sport, from the basics to in depth. What's not to love about playing volleyball outside in the sand and sun! The season starts second semester, so hopefully we will be able to play by then. Until then, you will learn more about the sport and how to prepare for when we are allowed to play.

We will have 1-2 meetings this semester, and then one about every month next semester. We hope to see you there!

Philosophy

The purpose of our club is to try and bring girls together who normally would not meet on campus. We want to make everyone at Saint Francis feel like they have a place here, and that they belong. This club was created to fulfill that dream, by reaching out to people who may not have a lunch group, or are in need of some more friends around campus.

UNHEARD HISTORY FOR TROUBIES!

Join Mr. Arns and I for history learning fun! This club will focus on opening the topic of discussion on subjects that are either glossed over or never mentioned in history books. We will generally emphasize learning about histories of people throughout the world, such as minority groups that have been marginalized by history textbooks, and the documentation of history in general. We will have many different mediums of learning, so get excited to dive into the past!

Meeting Time:
Thursday at
2:15 p.m.
(Monthly) :)
